BCP is the Book of Common Prayer (1662). All other Eucharistic Services are from Common Worship: Order One. We welcome everyone warmly and families and children are always welcome at all our services.

We have been privileged throughout the past year to have had a number of visiting clergy officiating at our services, some more regularly than others, and we are heartily grateful to them. We have heard so many interesting and thought-provoking sermons. Last month, our visiting speaker,

Gaynor, the lay-reader from Scaynes Hill, gave us a wonderful sermon on prayer, with insights on the positive power of prayer, and why God sometimes seems to allow 'bad things' to happen. At the end of her lesson, Gaynor read something that sparked a lot of subsequent comment over coffee, and it seemed like a good idea to share it here. It is an anonymous reflection on the Lord's Prayer, which Gaynor understands can be found in Liverpool Cathedral, and is also easily accessible online. And here it is:

I can't say the Lord's Prayer

I can't say "Our" if my faith has no room for others and their needs.

I can't say "Father" if I do not demonstrate this relationship in my daily living.

I can't say "Who art in heaven" if all my interests and pursuits are in earthly things.

I can't say "Hallowed be Thy Name" if I am called by his name and not holy.

I can't say "Thy kingdom come" if I'm unwilling to give up my own sovereignty and accept the call of God.

I can't say "Thy will be done" if I am unwilling or resentful of having His will rule in my life.

I can't say "on earth as it is in heaven" unless I am truly ready to give myself to His service here and now.

I can't say "Give us this day our daily bread" without working honestly for it or by ignoring the genuine needs of others.

I can't say "Forgive us our trespasses as we forgive those who trespass against us" if I continue to harbour a grudge against anyone.

I can't say "Lead us not into temptation" if I deliberately choose to remain in a situation where I am likely to be tempted.

I can't say "deliver us from evil" if I am not prepared to fight in the spiritual realm with the weapon of prayer.

I can't say "Thine is the kingdom" if I do not give the King the disciplined obedience of the loyal subject.

I can't say "Thine is the power" if I fear what my neighbours or friends may say or do.

I can't say "Thine is the glory" if I am seeking my own glory first.

I can't say "forever" if I am too anxious about each day's affairs.

I cannot say "Amen" unless I honestly say, "Cost what it may, this is my prayer."

Author Unknown

Of course, this is not advocating that there is no point in trying to pray!

People who are not comfortable with praying in general can, and often do, recite The Lord's Prayer. We believe that that God is loving and merciful. The Lord's Prayer can be said with the certain hope that God understands the heart of each person and that He will give them grace or show them mercy in their situation.

Chailey Horticultural Society

The Horticultural Society held its summer show on Saturday 20 July. Fortunately after a very wet night we were blessed with a lovely afternoon. Entries were up on previous years which was gratifying after a far from perfect growing season. This was especially noticeable in the vegetable classes where the displays of locally grown produce was magnificent. Despite a night of heavy rain the flower section was well supported. Cookery and handicrafts were a little down perhaps reflecting difficult choices in the schedule. There were a number of new exhibitors which is always pleasing. The children's 'potatoes grown in a bucket' competition was won with an impressive weight of 2kg.

The show was well supported in the afternoon and I think once again it proved to be a popular and important village event.

Autumn is now fast approaching and the days are getting shorter and the nights colder. Some vegetables such as potatoes and onions need taking into storage but others will continue to crop until the first frost or survive through the winter.

Potatoes need to be stored in the dark at a temperature between 5c and 12c. Lower temperatures encourage the starch to convert to sugar which in potatoes (but not parsnips) produces acrylamide a potential poison. Freezing rots the tuber.

Hessian sacks are ideal but must be cleaned each year to remove any traces of bacteria or fungal spores. First soak the sacks in a bucket of water with a little added bleach and then put them through the washing machine. Potatoes with patches of green can be stored as over time this may disappear. Check every month to remove any rotting tubers. I hang mine from a beam to keep them out of the way of rodents!

Parsnips benefit from a frost as this encourages the conversion of starch to sugar and hence

greater sweetness.

Carrots and beetroot can be left over winter in the ground but do benefit from some protection. Eskimo is an excellent main crop carrot with excellent cold tolerance.

Runner and French beans will crop until the first frost. Don't forget the dried beans inside the pods as these make lovely additions to stews and casseroles and for making homemade baked beans. I strongly recommend the beans from runner beans as the extra size gives a lovely texture. It is probably not a good idea to save seeds as cross pollination is rife so you never know what you will get!

Apples will be ripening and to test for ripeness Cup the Apple in your hand, lift and gently twist and if it comes away it is ripe. Also the seeds inside should be brown. Ripening is the conversion of starch to sugar. When this is complete the apple falls. Hence good cider makers wait for the apples to drop so as to get the maximum sugar and hence alcohol!

Wisteria will be producing long extension growths which should be cut back to 4 to 6 leaves from the main stem to be followed by further pruning in December and January Greenhouse grapes will be beginning to ripen. The main danger is botrytis or grey mould. Humidity encourages mould growth so good air flow and ventilation are essential. There is no chemical control and infected fruit should be destroyed.

Our A.G.M. is on Thursday 24th October in the Reading Room at 8pm. We do need new members on our committee so please come and see if you can offer us your support.

100 Years Ago - September 1919

Madam Farr commences a course of six dressmaking classes on Thursday September 18th at 2.15 in the Parish room. The number of persons attending these classes is limited to 16. Miss Green will be glad to have the names of those wishing to attend by September 12th.

Note: Dressmaking was very important during the war, if you wanted a new dress quite often the only option was to take down the sitting room curtains, find a suitable pattern and off you went!

Chailey Commons Society

The summer season has been obliging with strong sunshine and some very warm spells and quite humid too. Occasional rain helped the foliage but made walking through the overgrown paths on the common rather a soaking experience. The summer mowing has been done to keep the cleared areas in trim.

The activities continued with our Butterfly walk with a count of thirteen species enjoying the sunshine after a brief rain shower in the early morning.

A small group of us have been along to visit Chris Letchford at his home where he specialises in giving courses on Besom Broom making using his spacious garden as an instruction area. We learned how to select the birch cuttings and how to make a handle using a special Draw knife. This was followed by building the broom by clamping and wiring the cuttings tightly and fitting the handle. A final trim made the finished broom look the part.

For our first indoor meeting of the season on Thursday September 12th at 7.30.p.m. in the Chailey Village Hall next to the Five Bells pub, we will have a visit from Chris who will demonstrate the broom making to us and this will be in preparation for our broom making workshops in October at Townings Farm. His talk is called 'Traditional wood crafts of heathland and woodland' and should give us a fascinating insight into these crafts. Members, families, friends and visitors are welcome to come along.

Also, in September, we will have our late summer walk on the common. This will be on the theme of 'Looking at nature' and we will be exploring the commons to see the plants and trees changing as summer moves into autumn. We will meet at Pound Common car park at 2.30.p.m. on Saturday 21st September for a circular walk of about two hours. Easy walking at a slow pace to enable us to enjoy the heathland scenery. If you are not familiar with this habitat then this is for you.

Chailey Repair Cafe

CHAILEY REPAIR CAFÉ CELEBRATES ITS FIRST BIRTHDAY on 10th AUGUST!

One of this year's most successful local initiatives celebrates its first birthday on 10th August. Chailey Repair Café, is part of the world-wide movement where volunteer experts repair things free of charge, (donations are invited to cover running costs). They opened their doors for the first time on August 11th 2018 and now have 37 volunteers who have repaired over 500 items in the past 12 months.

Founder and Coordinator Bryan McAlley said "Nobody, least of all me, had any idea how successful this venture would become when we cautiously opened last August. We have been fortunate to have had the support of the local community, the Parish Council and our local MP, who visited us last October. Our success is due in no small part to our amazingly talented volunteers, who have successfully repaired food processors, clocks (including a cuckoo clock!) a model Spitfire airplane, some beautiful Victorian lamps, radios and record players, laptop computers, bicycles and lawnmowers, a huge range of clothing of all shapes and sizes and so much more."

Bryan added "we have concluded that East Sussex folks must get through huge quantities of toast – if the number of broken toasters we have repaired is anything to go by. We recently dismantled a toaster to find a large deceased bumble bee inside it! The toaster is now fine, which is more than can be said for the bumble bee.....!"

Chailey Repair Café is one of the first in the country to offer an on the spot spares ordering

service – if your broken appliance needs spare parts, they will order them online for you and fit them when they arrive; you only pay for the parts.

The café opens from 1000 – 1300hrs on the second Saturday of each month at Chailey Village Hall on the A275 next to the Five Bells pub. For more information, contact them at chaileyr@gmail.com

For a nominal donation of £3 guests can enjoy listening to the talk and having some delicious home made refreshments afterwards.

MILL LANE - TRAFFIC AND DEVELOPMENTS

I am more than aware of how some residents are unhappy with the problems they are currently experiencing and also, any problems that may lie ahead.

On their behalf, I have contacted the Head of East Sussex Transport and Environment. I have also contacted Cllr Claire Dowling, East Sussex County Council Lead Member for Transport and Environment requesting a meeting.

If residents wish to put forward any points of view as far as parking then you can do so through the Lewes Parking Review. The next review will commence in December.

Local Riding Stables Celebrates 30th Anniversary

It is 30 years since Michelle Bryant started Bevern Bridge Stables in South Chailey with just one pony called Molly and a bit of sand. During that time she has taught many riders from Chailey, many of whom started on lead rein ponies and then went on to compete successfully all over the country in show jumping, cross country, one day events, pony racing and horse racing. The yard is now starting to see third generation family members coming through.

Michelle commented, 'I am passionate about teaching and love seeing youngsters progress from beginners to confident equestrians. One of my most rewarding moments is watching a rider really work hard at something and seeing the joy on their face when they make a breakthrough in their riding ability. My dream as a child was to have a riding school where all riders would feel at home and where they could become whatever type of rider they wanted to be. I like to think we have achieved that.'

Bevern Bridge Stables are marking this special year by investing in an 80 acre cross country course adjacent to the yard which will be open to the public next year. The jumps are available for local businesses to sponsor annually or purchase for longer periods, and for riders who may wish to sponsor a jump perhaps in memory of a special pony who was an important part of their riding life. For more information on jump sponsorship, please email bevernbridgeis30@gmail.com.

Bevern Bridge Stables would also love to hear from former liveries and riders and invite them to post their memories and photos at <https://www.facebook.com/BevernBridgeRidingStables/>

Thanks to Peter Dembrey we now have a 'club shop' from where one can make online purchases of Chailey cricket clothing. The clothing has been a hit with a lot of players who are now turning out in the new [clean] gear. Details of the items and how to purchase them can be found on the front page of our website: www.chailey.play-cricket.com You can have your initials included on each of the articles or, if you prefer, your Chailey player number. The player number uses a base of 31 July 1949, the date from which our current records commence – more details on the website under "News" then News Articles'.

From the archives. It is thought that the club was born in 1758 – same year that the old Charrington's Brewery started – but the birth could have been be years earlier. The Chailey parish records state that a 'John Boots of Chailey was killed whilst playing cricket at Newick'. There is no record to confirm for whom he played. We like to believe it was for Chailey making the club slightly more unique (better than older). Unfortunately, no one who played is still around!! Supporting our belief is a report in the Sussex Weekly Advertiser of 3 July 1758 of a match held on 26 June 1758, at Cooksbridge. In that match Chailey and Newick combined with Lindfield and Hamsey to form a team to play against a team from Lewes, Brighton and Rottingdean.

Further press articles of the time report on matches held during the 19th century. Such a report confirms that in 1874 a match was played at Ades, Chailey between a Sclater XI [Newick] against a Chailey XI organised by W F Ingram. This may indicate that Ades may have been our home prior to Roeheath from where we moved in August 1987 to our current ground at North Common.

Tales from Plot Six

I've often talked about the benefits to physical and mental health that growing your own will provide and that's not just limited to growing your own food, although I can sing the virtues of that all day long. It's the act itself of planting a seed, nurturing it, watching it grow, and enjoying the end results which can have such a positive impact.

Our pace of life is steadily becoming more hectic, and as we spend more time inside, and less outside, I observe that people are looking for ways to relieve the day to day stresses and pressures we all face. I think that gardening, even if it is only something small, can contribute greatly to relieving those stresses.

There are of course some exceptions to the norm, DIY for example, and when you start combining DIY and gardening, that can potentially cause trouble. Last autumn, once Simon's Wall (our Fort Knox style fencing) was up around the plot boundary, we decided it would be a good idea to get some raised beds. I can now safely say that whilst there are advantages to purchasing a DIY pack ready to go, there are also some disadvantages. For example, if you are like me, and find it difficult to navigate flat pack instructions without a translation into the Queen's English, you may struggle.

In the case of my square raised beds, I had successfully put together one of two and was puzzling over the lengths of wood which had been provided for the later. Halfway through my 'build', I realised what the issue was. One of the planks was too long (isn't hindsight a marvellous thing). Never mind I thought, it's time for a bit of 'Blue Peter' style bodging, and so some brute force was applied. Several splinters later, and having wrestled more than I cared to admit, the beds looked great. There is one which is slightly wonky, but perfection after all, is in the eye of the beholder.

Early autumn musings: August into September is a time of bounty and harvesting, it's time to celebrate what we have achieved over the main part of the growing year. I would encourage you all to get outside and to get growing, it's good for the mind, the body, and the soul.

For those reading this, why not try growing your own? It's still warm, and if you are new to growing, fresh salads are a good place to start. Find a little seed tray, place on a warm window sill or try spuds in a bucket if you are limited for space. Our Allotment Association gives produce to the Lewes Food Bank, who help families across the district. If you are interested in joining us, please contact Chailey Parish Council for more information. Happy Growing!

Have you thought of singing with a choir?

The Fletching Singers (www.fletchingsingers.co.uk) meet on Tuesday evenings during term time in Fletching Village Hall from 7.45 to 9.45 p.m. under the guidance of our music director Michael Fields, with accompanist Howard Beach. We are a sociable, relaxed and informal group, enjoy singing a wide variety of choral music, and we put on 3 concerts a year. Our choir members come from many of the surrounding villages and new members are always welcome. In the autumn term (starts September 10th) we will be rehearsing a selection of seasonal works for our Advent concert, which we will be performing at Fletching Church on the evening of Saturday 30th November.

If you are interested in joining us, please contact Alannah Dobson on 01825 760709 or email info@fletchingsingers.co.uk

Why not come along to a rehearsal and then decide?

Newick Country Market

Newick Country Market is held every Friday from 10am until 11am

In Newick Village Hall on the A272

The market has a good seasonal selection of locally grown vegetables and plants, homemade savoury and sweet bakes as the fancy takes you, from our kitchens and gardens to yours. Bespoke greetings cards, jewellery, knitted items, preserves, and flower arrangements for that special occasion are always available. Orders can be taken for any of the above, and special diets can also be catered for. If you cannot see what you want feel free to ask one of our producers.

All the items are produced by members of the market and our food producers have the required standard of food hygiene certificate.

On 27th September we are hosting a Macmillan Cancer Support World's Biggest Coffee Morning. Please come along and support this worthwhile charity as the money raised will help Macmillan provide a constant source of assistance for people facing cancer in Sussex and across the U.K. in the months ahead.

Come and enjoy some freshly brewed coffee or tea, and maybe a little treat, whilst meeting friends and catch up on village news.

It is advisable to come along early as many items sell out fast.
